PROFESSIONAL SUMMARY

Detail-oriented MCA student with hands-on experience in Python development and web application development. Skilled in Python (Django), PHP, Angular, JavaScript, HTML, CSS, MySQL, and PostgreSQL. Experienced in developing database-driven web applications, Learning Management Systems, visitor management solutions, responsive interfaces, debugging, testing, and deployment.

TECHNICAL SKILLS

Category	Technologies / Tools
Web Development	HTML5, CSS3, JavaScript, Angular, Django
Programming	Python, PHP
Databases	MySQL, PostgreSQL
Development Tools	GitHub, XAMPP, VS Code, MS Excel, pgAdmin4, Render

EXPERIENCE

Python Development Intern GTN Info-tech, Coimbatore | Internship / Training

- Completed Python development training with practical projects, back-end development, database connectivity, debugging, testing, and deployment practices.
- Developed a Visitor Management System (VMS) for managing visitor-related information and workflows.
- Worked with Python development concepts, database connectivity, debugging, and software development practices.

Web Developer Akshayam 360 Global Learning System Internship

- Developed a web-based Learning Management System for Akshayam 360 Global Learning System.
- Implemented Admin Dashboard, Course, Module, Lesson, and Student Management functionality.
- Developed responsive web interfaces using HTML and CSS with backend functionality using Python (Django) and PostgreSQL.

PROJECTS

Crop Yield Prediction Using Machine Learning — Mini Project

- Developed a mini project to predict crop yield using rainfall, temperature, humidity, soil type, fertilizer usage, crop type, and cultivation area.
- Implemented Random Forest Regression, Decision Tree Regression, and Linear Regression.
- Performed data preprocessing, model training, and performance evaluation using Python, Pandas, NumPy, Scikit-learn, and Matplotlib.

[GitHub: github.com/santhiyamathiyazhagan526-art/crop-yield-prediction](https://github.com/santhiyamathiyazhagan526-art/crop-yield-prediction)

Interactive Learning & Assessment Platform

- Developed a web-based learning platform with structured course modules, curriculum navigation, module-wise quizzes, progressive content access, assessments, and certificate functionality by using Html, Css, Js, PHP and Xampp (sql)
- Built an interactive and responsive learning experience for course delivery and learner evaluation.

Live Project: akshayam360.onrender.com

GitHub: github.com/santhiyamathiyazhagan526-art/akshayam360

Learning Management System

- Developed a full-stack college Learning Management System using Django and PostgreSQL with student and staff management, course and subject management, attendance, assignments, study materials, timetable, and online examination modules.
- Implemented structured academic workflows for students, staff, courses, sections, subjects, assignments, attendance, study materials, and online exams.

Live Project: lms-sub6.onrender.com

GitHub: github.com/santhiyamathiyazhagan526-art/LMS

Learning Management System (UG Project)

- Designed and developed a basic web-based Learning Management System as an undergraduate project.
- Implemented Student, Course, Lesson, Quiz, and User Management features.
- Technologies: HTML, CSS, JavaScript, PHP, and MySQL.

EDUCATION

Qualification	Institution	Year
Master of Computer Applications (MCA)	P.K.R Arts College for Women	2025–2027
Bachelor of Computer Science	P.K.R Arts College for Women	2022–2025
HSC	St. Ignatius Higher Secondary School	2021–2022
SSLC	St. Ignatius Higher Secondary School	2020–2021

CERTIFICATIONS

- Python Development Training – GTN Infotech
- Web Development – Akshayam 360 Global Learning System
- Fundamentals of Robotics and Autonomous Bot Building – Kongu Engineering College

CORE COMPETENCIES

Core Competencies: Python Development, Web Development, Database Management, Problem Solving, Team Collaboration

AREA OF INTEREST

Web development

App development

Data Analysis
